In the theme of 'Hope', Hope is an optimistic state of mind that is based on an expectation of positive outcomes with respect to events and circumstances in one's life or the world at large.

How do you think we're going to interpret 'Hope' ?

The story of this motion is about a boy and a dog. One morning in his hometown surrounded by bamboo groves. He had a regular routine going to water the plants, but then came across a tree that looked different from the others. But he didn't think much of it and continued to water as usual. Shortly thereafter, the tree gave birth to a dog for the boy. Both of them are like things that fill each other's lives with happiness, but then something takes them away.

MOTIVATION

We got inspiration for doing this story from 2 things:

First: The Tale of Princess Kaguya

Okina is a bamboo cutter in ancient rural Japan. One day in the forest, he finds a tiny baby in the folds of a bamboo shoot. He brings the creature home to his wife Ounaa and they decide to keep her and raise her as a princess. She is clearly not of this world. Kaguya grows at an unnatural rate, soon maturing into an uncommonly beautiful young woman. Since Okina has now also found a cache of gold and treasure in the forest, every suitor wants Kaguya. But this is not a fairy tale of courtship and marriage.

Second: Hachikō

Hachikō (ハチ公, November 10, 1923 – March 8, 1935) was a Japanese Akita dog remembered for his remarkable loyalty to his owner, Hidesaburō Ueno, for whom he continued to wait for over nine years following Ueno's death.

WORK-PROCESS

Filming Location :

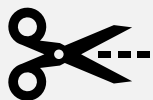

We use filming locations throughout the story at the Faculty of ICT.

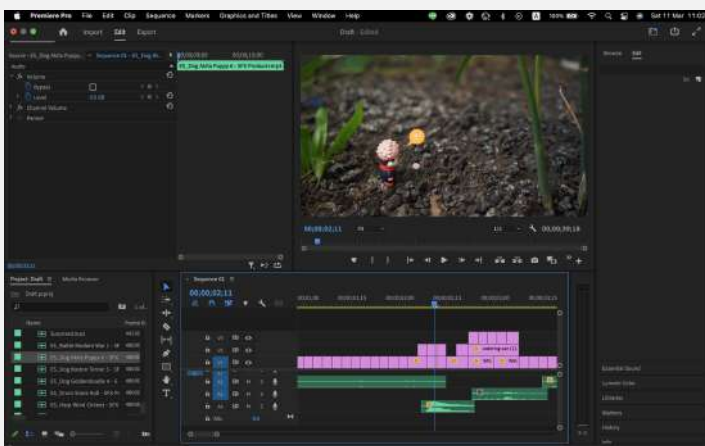

The time length that we used to shoot was about 6 hours, taking 2 days to shoot.

The second day of filming was like filming some scenes that we thought were still missing.

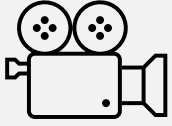

Cut tools for 'stop motion'

Adobe Premiere Pro 2023

WORK - PROCESS

Filming Equipment :

We used a mirrorless camera and a compact tripod for filming

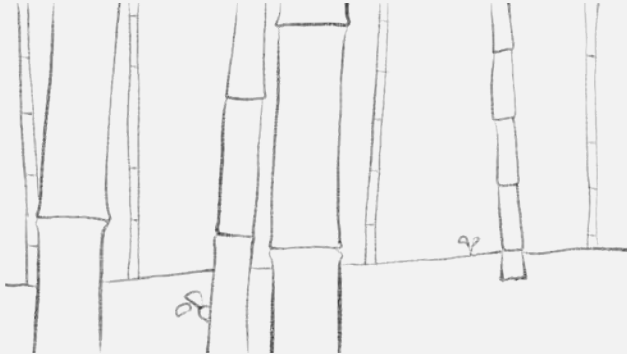

We originally planned to use plasticine to create the characters, but we found that it would take a very long time. Therefore, we changed to use figures from Jujutsu Kaisen instead and the dog is Pluto from Mickey mouse

WORK-PROCESS

From storyboard to real situation

WORK - PROCESS

We took no more than about 350 shots to make this stop motion

Here are some images from stop motion:
